Fitchburg High School

Fitchburg, MA 01420

Dear Members of the Red Raider Class of 2013:

The class of 2013 is a collection of individuals who are poised to take the next challenge in life whatever it may be. What is truly impressive about the class of 2013 is not only the academic, athletic, and artistic ability of so many but a sincere desire to address civic challenges and help those in need. It has been a distinct pleasure working with this group of Red Raiders.

The class of 2013 is certainly marked by strong academic achievement. Fitchburg High School has witnessed a significant increase in the number of students taking Advanced Placement and dual enrollment classes and this model comes directly from the senior class. Taking on a challenge such as college level courses to improve oneself has been a distinctly impressive quality of the class of 2013. It will serve you all well as you progress to the next level of expectations whether it is college, work, or the service.

The academic performance is certainly an indicator of success but what has impressed our faculty the most is a sincere interest in serving the community and those in need or less fortunate. Personally, I have been amazed by the level of group concern that has been on display from the first day of the school throughout the year. The list of activities is almost too difficult to quantify: clothing drives, canned foods, collections for United Way to benefit Newtown, CT, snowflakes, letters of encouragement, community clean-up days, peer mentoring and tutoring, Free Rice, etc., etc., etc. All of these activities only serve to exemplify what is the true reality of a Fitchburg High School student. We have discussed our "perception" and reflected on what we can all do to address it in our community. Well, the senior class has not only risen to the challenge but they have set a high bar of what an individual can do not only for their community but to spread the true message about the outstanding qualities of Fitchburg High School. For this, we can only say "Thank You."

Your graduation will certainly mark the end of one chapter of your life but it will symbolize the beginning of limitless opportunities. There are many inspirational quotes and speakers who aptly summarize these moments, but I think of the children's book, "Oh, the Places You'll Go" by Dr. Seuss as a great example.

Life's path will have countless roads from which to choose. A person can truly go anywhere and do just about anything. There will be challenges and moments of doubt, but as a graduate of Fitchburg High School you have already accomplished a great feat that no one can take away from you. You are a Red Raider for life and that is something that can never be taken from you. Best in wherever your journey may take you.

Sincerely,

Jeremy Roche

Principal

I have to admit the last four years of my life made me grow up a lot and realize that I have responsibilities, and that my mom won't be here holding my hand as I continue on in life! If it wasn't for her, I wouldn't be where or who I am today. Thanks Mom! Since my Pepe died, two years ago and told me to finish school, he can't physically be here to see me graduate. I want to prove to him and everyone that I can do it and be successful! Cristian and Tayl, I love you guys so much! Thanks for being there when I needed you the most!

Most teachers tell you that the biggest part of high school is preparing for college. I've found, however, that being ready for college is just a fraction of what you learn. You learn what the real world is like and discover yourself and who your friends are, and that following the crowd doesn't make you 'cool'. But, most importantly, at the perfect you only comes out when you stop trying to be perfect.

at FHS since I was living in Spain for the last three years. High school life in Spain was fun, but I know if I would have been here, it would have also been a lot of fun! I'm so happy to be back to share my last year with my old friends, go to prom, and graduate, things I wouldn't have done in Spain. In other words I'm so happy to share my senior year with FHS and especially my old friends! Activities: Health Career Club 4

Eulogy

Like a baby bird that left the nest too soon our beloved Stromboli was taken from us before its time. This is not a time to point fingers (The MAN); this is a time for reflection and appreciation for the time we had together. I know it's hard to live a life where lunch is no longer the best part of our Friday. Nothing could ever fill the holes in our hearts and stomachs that Stromboli used to hold. Even though we may think this was a disaster, the real tragedy is for what's to come. We have only gone one year without our favorite doughy treat. We should be mourning the fact that the classes of 2016 and beyond will never know what it is to enjoy the melted goodness that is Stromboli. So as we depart this year the memory of our favorite lunch treat will never fade from our hearts...or stomachs.

*Woefully,
Fithburg High Class of 2013*
